

Secto 4236 & Secto Small 4237 corner lamps | Instructions with cable and switch

Secto DESIGN

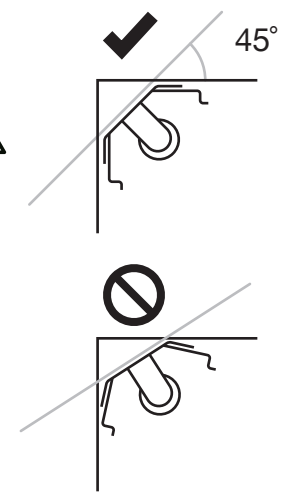

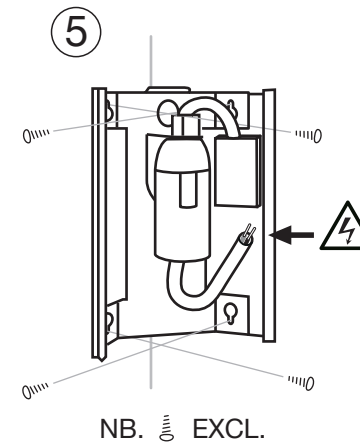

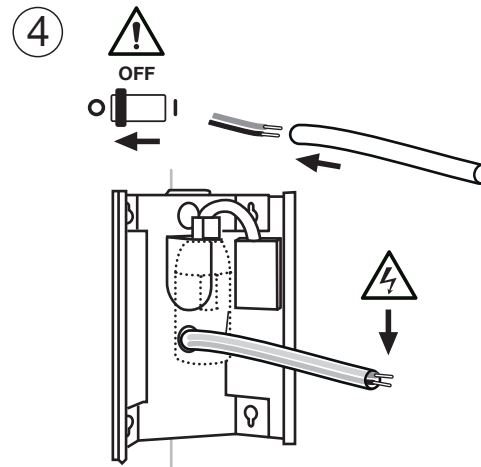

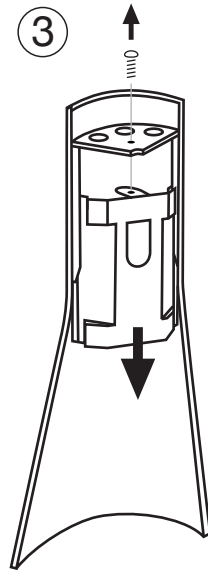

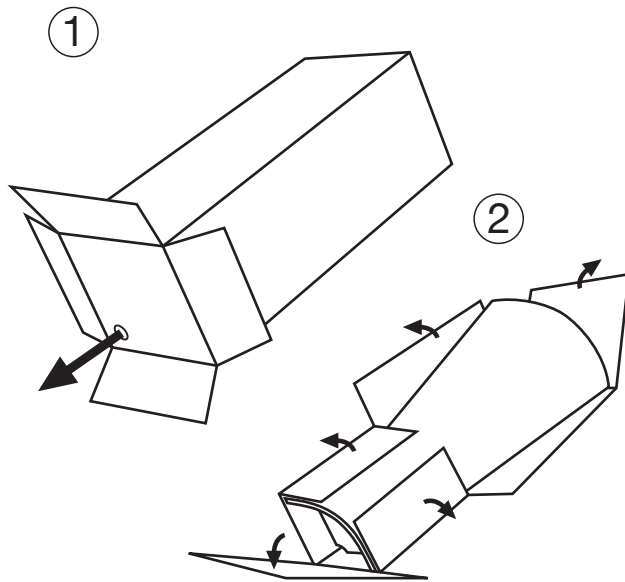

To reduce the risk of strangulation the flexible wiring connected to this luminaire shall be effectively fixed to the wall if the wiring is within arm's reach.

NB. EXCL.

Secto 4236 & Secto Small 4237 corner lamps | Instructions direct wall mounting

Secto DESIGN

⚡ Supplementary insulation must be added to the visible section of the supply cords, i.e., up until the junction box. A protective insulating sleeve is provided with the luminaire.
